

VAK-Students' Voices

	<p>Mr. R. VIGNESH, III B. Sc. Biotechnology (2011-2014)</p> <p>“With the help of DBT-STAR College scheme, I have acquired more knowledge with practical applications in various fields such as Bioprocess technology, Microbiology, etc., by providing field trips to various industries and learning the basics directly by interacting with Scientists and it has added value to my education”.</p>
<p>Ms. R. GOKILA, III B. Sc. Biotechnology (2011-2014)</p> <p>“From my Biotechnology department with DBT-STAR College scheme, I have learnt the handling techniques. We have a good laboratory facility with all instruments which we used for our practicals and projects. We had done our project work because of which I have learnt many basic things for my future career”.</p>	
	<p>Mrs. N. SARANYA, III B. Sc. Biotechnology (2011-2014)</p> <p>“ DBT-STAR College Scheme provided:</p> <ul style="list-style-type: none">• Improvement in the laboratory facilities• Individual project which helped me to improve my practical skills• Seminars helped me to improve my theoretical knowledge, extra information which I have obtained due to this grant.”
<p>Ms. R. JANANI, II B. Sc. Biotechnology (2012-2015)</p> <p>“Doing my Under Graduation in Biotechnology under the DBT-STAR College scheme helped me to carry out my project in an effective way. The instruments and chemicals that were brought under this scheme were very useful to pursue our practicals and project work. This has enhanced our technical skills and confidence to carry out any future tasks”.</p>	
	<p>Ms. S. GAYATHRI, II B. Sc. Biotechnology (2012-2015)</p> <p>“Due to this DBT-STAR College scheme:</p> <ul style="list-style-type: none">• There were many Guest lectures and we were benefited by the interaction with those scientists• Many useful industrial visits making our skills stronger• Provided many advance instruments to carry out many project related works”.
