About Dr. M. Aruchami Research Foundation of Kongunadu Arts and Science College :

Kongunadu Arts and Science College has been re-accredited by NAAC with 'A' Grade Status (CGPA 3.80 out of 4) and ranked as No. 1 College among 3492 accredited Colleges in India so far. Today, it has grown into a multifaceted premier Higher Educational institution offering 22 UG, 15 PG and 21 Research Programmes. To motivate the researchers by providing help and support to do their research in better way, Dr. M. Aruchami Research Foundation was founded on 10.01.2004 and is doing its best to take the research activities in the College to greater heights. It is one among the 50 colleges all over India selected by the University Grant Commission (UGC) under 'College with Potential for Excellence" (CPE) Scheme. Another feather in the cap of Kongunadu Arts and Science College is that the Department of Biotechnology (DBT), New Delhi has awarded STAR COLLEGE status. In the Higher education scenario, the College has completed 41 years of excellence service in man making education and this temple of learning has been striving untiringly for the growth of head, hand and heart of its devotees.

About King's Diagnostic services

The King's Diagnostic Services is one of the leading diagnostic centres in Coimbatore for three decades. It has the necessary infrastructure with state-of the art equipments and qualified personnel to look after various departments like Microbiology, Biochemistry, Clinical pathology and Radiology. It is easily accessible as it is centrally located and works from 8.00 am to 8.00 pm on all days. On Sundays it works from 8.00 am to 1.00 pm.

The Biochemistry department of the Diagnostic Center is headed by Ms. S. Sudarkodi, M.Sc., Mphil., (Biochem). She is the technical incharge of the laboratory with respect to Biochemistry and Clinical Pathology. Sturdy semiauto - analysers like Microlab 200 from E Merck and Vitalab 31 from Vital scientific, the Netherlands are used for testing biochemical and other allied assays. The Diagnostic Center has cobas Mira - a fully automated chemistry analyser from Roche immunological assays like ELISA, which includes hormones, immunoglobulins, viral markers, cancer/ tumour markers are done in Anthos 2020, a computerized analyzer from Austria.
